Established in 1951, IOM is a Related Organization of the United Nations, and as the leading UN agency in the field of migration, works closely with governmental, intergovernmental and non-governmental partners. IOM is dedicated to promoting humane and orderly migration for the benefit of all. It does so by providing services and advice to governments and migrants.

IOM is committed to a diverse and inclusive environment. Internal and external candidates are eligible to apply to this vacancy. For the purpose of the vacancy, internal candidates are considered as first-tier candidates

ORGANIZATIONAL CONTEXT AND SCOPE

Under the direct supervision of the Senior Laboratory Technologist and the overall supervision of the Chief Migration Health Officer (CMHO), the incumbent will be responsible for providing technical support to laboratory services with respect to Migration Health Assessments (HAP) and other programmes implemented by the IOM Migration Health Division in Kampala, Uganda.

Responsibilities and Accountabilities

1. Perform administrative support to the supervisor in activities carried out in the laboratory.
2. Ensure standards and the quality of laboratory outcomes, by strictly following the Standard Operating Procedures (SOPs) for assigned duties.
3. Adhere to bio-safety measures adopted in the laboratory, minding the safety of oneself and others.
4. Assist technical personnel for accurate, efficient and timely delivery of results by receiving and processing request forms, data entry, scheduling of clients, printing and submitting laboratory test reports.
5. Documents and records keeping of laboratory activities in an organized and easy retrievable manner as well as maintaining the laboratory database.
6. Participate in laboratory stock management activities by preparing requests, inventory and updating records.
7. Communicate between laboratory and clinical unit on issues related to request and reports for laboratory examination.
8. Communicate between laboratory and medical IT unit for preparing monthly and annual statistical reports, laboratory databases improvements or repairs.
9. Participate in the development and updating of SOPs as needed.
10. Participate in the improvement of laboratory services according to an adopted work plan in the laboratory.
11. Perform such other duties as may be assigned.
